HANSON HELD FOR TRIAL

Although there were mitigating circumstances brought out in the evidence, which if true, warranted Hanson in refusing to live with his wife, Judge Brindley ruled this morning they were not sufficient to noll the case of wife abandonment brought against him. The defendant was bound over to the circuit court under \$500 bail bond, which will be furnished.

Hanson testified that life in the same house with Mrs. Hanson was a series of horrors. Frequently she called him bad names, struck him over the head with a dish pan and ran things in the house in such a dominating manner that he was finally worked into a state of nervous collapse and eventually got indigestion.
His trip out west was taken, he said, for his health, not to escape the judgment of the circuit court, which was that he pay his wife fifteen dollars a month pending the settlement of a divorce action which he had brought.

Strange Provision of Edwards Will Which Held Off Cash to That Age

Irene E. Polleys, daughter of W. E. Polleys of Omaha and a former resident of La Crosse, has come into an inheritance of \$20,000 left her several years ago by the death of her grandfather, George Edwards, of this city.
Warranty deeds filed with the register of deeds this morning recorded the transfer to her of real estate and other property held in trust for her by J. E. Wheeler, trustee of the Edwards estate. The real estate of which she comes into possession consists of a house and lot on Eighth street between Cass and King valued at \$6,000 and several lots in Highland addition near the Catholic cemetery valued at \$3,300.
Under the terms of the will grandchildren of deceased, who include children of the late W. W. Taylor, do not come into their inheritance until they are 25 years of age.

(Scripps-McRae Dispatch.)

It was sent by Admiral Brownson to the commander of the Colorado saying the West Virginia will arrive off the Sand Key light about noon, and directing the squadron to proceed at eighteen knots. It is considered remarkable that Washington picked up the message from over a thousand miles away.

STRUCK BY FLYING FLAT-CAR

Sam Matheson had a narrow escape from serious injury Wednesday morning while driving Roberts & Son's delivery wagon across the railroad tracks near Koehler's shops, says the Bangor Independent. He was on his way to the North-western depot, accompanied by August Knipple, and they failed to notice the approach of a flat car which had bent in on the sidetrack by a "flying switch" by the Milwaukee railroad way freight crew. The car struck the wagon and horse, and Mr. Matheson was sent flying up into the air about ten feet, and fell on his head on the tracks. He was not severely injured, but sustained several bruises on his face and legs and considering the nature of the accident was very fortunate in escaping from more serious results. The wagon was demolished, but the horse was not hurt. Mr. Knipple escaped injury by promptly jumping from the rig when the car was upon them. The freight crew were acting contrary to strict orders and legal regulations in making the flying switch and Sam will doubtless be awarded damages for his injuries.

Street Opening Jury Named

C. A. Olberg, Bert Smith and William F. Gohres were this morning appointed by Judge Brindley appraisers to determine the benefits and damages accruing to property affected by the opening of a large number of streets and alleys recently passed upon by the street opening jury. The large amount of work to be done will keep the commission busy for at least a couple of weeks.

BOARD UNIT ON TAX APPOINTMENT

Recommendations of Supervisor of Assessment Keizer incorporated in his annual report will be closely adhered to in the revision of the county assessment by the assessment committee of the county board. In other words the country and city members of the committee are practically united on the apportionment of taxes at the ratio of about 61 per cent for the city to 39 for the country.
When the committee, after deliberating for four days, adjourned last night to November 8 the indications

CUSHNER DENIES CHARGE

Saloonkeeper Arrested Today Says that He Knows Nothing of It.

Charged with selling liquor to four minors including two girls 16 and 17 years of age, J. P. Cushner, who runs a saloon on South Third street, was arraigned before Judge Brindley this morning. His hearing was set for Tuesday morning.

Cushner is charged by the police with running a wine room, where the four young people whose names are entered in the complaint were served liquor and allowed to become intoxicated.

Cushner denies any knowledge of the affair, claiming he never saw the young people in question in his place. The police contend they got the liquor there and if Cushner did not serve them his bartender did.

LA CROSSE AND RACINE ARE TIED FOR THIRD PLACE

The new student's directory which is now on the press reveals a number of interesting facts relative to the attendance at the state university this semester. Madison leads in the list of students as it has in the past with Milwaukee second and Racine and La Crosse tied for third place as regards the number of registered from each city. The enrollment from the principal cities of the state is as follows: Madison, 546; Milwaukee, 279; La Crosse, 38; Racine, 38; Oshkosh, 28; Eau Claire, 23; Waukesha, 23; Fond du Lac, 19; Janesville, 19; Appleton, 18; Wausau, 13; Chippewa Falls, 12; Portage, 12; Sheboygan and Green Bay are also well represented.

THE COTTON GRAFTERS ARE FREE

(Scripps-McRae Dispatch.)
NEW YORK, Oct. 28.—Moses Haas and Frederick A. Peckham, cotton brokers, wanted in Washington on charges of conspiracy to defraud the government in the cotton leak scandals, were discharged this morning by

Commissioner Ridgely before whom extradition proceedings were held. The commissioner quoted many decisions that the government must establish beyond doubt that the offense was committed.

were that the committee would come together on practically this basis of apportionment, and that there will not be a majority and minority report from the city and country members of the committee presented to the county board to be fought over at the November meeting.

The committee has only about half completed its work and many of the figures are still subject to change, but it is not believed that any member of the committee will hold out for radical departures from Mr. Keizer's recommendations compiled in his report.

SPORTING NOTES.

The latest reports from New Haven are that the Yale football team is tight and fast.

The Amateur Athletic Association of England has permanently suspended Alfred Shrubbs, the English champion distance runner, for malpractice in sports.

St. Louis "amateur" football team managers are advertising for players, whom they will pay \$35 per month. The farm hands of Missouri can see easy times ahead until Thanksgiving.

Glenn Warner says he has plenty of football material at Cornell and that the small scores do not indicate the final strength of the team he will have for the Princeton and Pennsylvania games.

Jack Wilkes, 2:17 1/4, with which Vance Nuckols has picked up a lot of money at the minor meetings this year, is by Guy Wilkes, 2:15 1/4, and looks to be a sure addition to that noted sire's 2:10 list.

Bartley Connelly, the Maine welterweight, is anxious for another meeting with Harry Edels. The last fight at Portland was a lively one, and Connelly feels certain that in another trial he can get the award.

The pacing mare Samana, 2:19 1/4, is a new 2:20 performer for Blingen, 2:00 1/4. She is a four-year-old, dam Montrose, 2:18, by Electioneer, second dam Rosemont, by Piedmont, third dam the great brood mare Beautiful Bells.

COLLEGE AND SCHOOL.

The Jersey City board of education has decided to permit married women with living husbands to act as substitute teachers in the public schools.

Six young Chinamen are among the pupils of the New Bedford (Mass.) textile school, having been sent to this country to learn all about the making of cotton fabrics.

Hubert Lyman Clark, who for six years has been professor of biology at Olivet college, Michigan, and who has been doing work with Alexander Agassiz in the line of sea urchins, will join the Harvard staff on Dec. 1 in the museum of comparative zoology.

The census bureau in its educational reports says there is one teacher for every seventy-one pupils in the United States. The school age on which the number of pupils is estimated is from five to twenty-four. The proportion of teachers is greatest in towns of less than 25,000 inhabitants.

LAW POINTS.

The right of an injunction to restrain the blowing of a whistle at a factory is denied in *Reid versus Edna cotton mills* (N. C.), 67 L. R. A. 983, where it is not clear that it amounts to a nuisance until the fact of nuisance has been established by action of law.

The right of the legislature to empower the court in its discretion to authorize a married woman to convey her real estate by separate deed in jurisdictions where the common law, giving the husband a freehold right in the property, is in force is denied in *Hubbard versus Hubbard* (Vt.), 67 L. R. A. 969.

The right of the legislature, in the exercise of its police power, to authorize the health authorities of a municipal corporation to require under penalty all citizens to be vaccinated when, in their discretion, it is necessary for the public health and safety, is sustained in *Com. versus Pear* (Mass.), 67 L. R. A. 935.

A Letter to Catarrh Sufferers.

Miss Mary Crawley, Treasurer LaGrange Kosmos Club, 241 S. Madison avenue, LaGrange, Ill., writes:

"I trust everyone suffering from systemic catarrh will read this letter, and will profit by it. I was in a very bad shape indeed when I began to take Peruna, and my friends, as well as myself, were very much alarmed over my condition. I was nervous, slept badly, my food did me no good and I was always tired.

"I took three bottles of Peruna and felt like a new woman. However, I did not stop there, and kept on taking it for a while longer and broke off gradually until I had taken eight bottles. Then I felt completely cured and have remained so since. I am glad to recommend Peruna."—Mary Crawley.

The Destructive Power of Catarrh.

Catarrh spares no organ or function of the body. It is capable of destroying sight, taste, smell, hearing, digestion, secretion, assimilation and excretion.

It pervades every part of the human body, head, throat, stomach, bowels, bronchial tubes, lungs, liver, kidneys, bladder and other pelvic organs.

The Curative Powers of Pe-ru-na.

There is no fact in medical science better established than that a teaspoonful of Peruna before each meal will absolutely protect a person from catching cold. Now, if this is true (and there is no doubt of it), thousands of lives would

be saved, and tens of thousands of cases of chronic catarrh prevented, by this simple precaution within reach of every one.

Peruna is not simply a palliative to relieve some of the distressing symptoms. It is a permanent and radical cure.

Thousands of Testimonials.

We have on file many thousand testimonials like the ones given here. We can only give our readers a slight glimpse of the vast array of unsolicited endorsements we are receiving every month. No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna.

Rev. Flory Much Pleased With Pe-ru-na.

Rev. W. Howard Flory, 632 1/2 S. Broadway, Los Angeles, Cal., a minister with Progressive Brethren, a branch of the Dunkards, also a lecturer and a leader in reform movements in connection with capital and labor, writes:

"I am very much pleased with Peruna, as it cured me of catarrh which I had suffered with for many years, and which I thought I would never be rid of. All the medicines I had taken only relieved me for a short time and I was pretty discouraged when I began using Peruna.

"A few doses convinced me it was doing me much good, and when it finally cured me and there was no catarrh left in my system it seemed all too good. I find that my cure is permanent and I shall guard against another case of catarrh by taking Peruna as soon as I contract a cold."—W. Howard Flory.

Suffered Several Years—Health Restored by Pe-ru-na.

Mrs. Elizabeth Reuther, 107 West 40th street, New York City, member board of Directors North End Clio Association, writes:

"I am pleased to endorse Peruna as a splendid medicine for catarrh and stom-

ach trouble from which I suffered for several years. I took it for several months and at the end of that time found my health was restored and have felt splendidly ever since. I now take it when I contract a cold and it soon rids the system of any catarrhal tendencies."—Elizabeth Reuther.

Pe-ru-na Has a German Baron's Heartiest Endorsement.

Baron J. M. Vendenheim, 1325 G street, N. W., Washington, D. C., writes:

"For a long time, until I came into this climate, I had congratulated myself upon having a perfectly sound pair of lungs. But I began to have little coughs and annoying colds that shook my faith in my breathing apparatus. This continued two winters until I had lost health and strength to an alarming degree. Peruna cured me and restored my strength. You are at liberty to use my heartiest endorsement of Peruna as a medicine and tonic for colds, coughs and as a tonic."—J. M. Vendenheim.

Pe-ru-na Has Many Friends.

Miss Eleanor M. Gardner, 155 State street, Salem, Ore., writes:

"I am very pleased with the results obtained from the use of Peruna. A few months ago I contracted a severe cold and cough. After using a little more than two bottles of Peruna the cold left me entirely.

"I shall know just what to take now when I contract a cold and will not let it get such a hold on my system. Your

medicine has many friends and well deserved."—Eleanor M. Gardner.

As Sure as Fate.

There are some things which are as sure as fate, and can be relied on to occur to at least one-half of the human family unless means are taken to prevent.

First, colds not promptly cured are sure to cause catarrh.

Second, catarrh improperly treated is sure to make life short and miserable.

THINGS THEATRICAL.

Miss Charlotte Walker is to support Laurance D'Orsay in "The Embassy Ball," by Augustus Thomas.

The production of "Mile. Modiste," Fritz Scheff's new opera, brings a new-comer to the American stage in the person of Leo Mars, a young baritone who has made a hit in London.

Gertrude Berkeley takes pride in the fact that one of her engagements in San Francisco in stock work was with Maxine Elliott, Frank Worthing, Maclyn Arbuckle and Wilton Lackaye.

In vaudeville Staley and Birbeck, the

"musical blacksmiths," make the transformation from a drawing room scene to a blacksmith shop in approximately two seconds, including a complete change of costume.

In Pittsburg recently, before a large and interested audience, David Belasco presented Miss Blanche Bates for the first time in a new play, "The Girl of the Golden West." The scene is laid in the old '49 days, which Bret Hart loved to exploit.

The Tribune is the only La Crosse paper that stands for the interests of the whole people.

SOCIETY

The glory of the autumn's burnished gold
Tells a story mixed of sadness—often told;
The falling leaves, the snapping frost, the cold
Reminds us that the year is growing old.

—A. W. W.

With the seer colors of the autumn and the winds that chill, society seems to have stopped to catch its breath before diving into the festivities with which it will seek to forget the sadness of the death of 1905. Conventions seems to have fizzled out for La Crosse and church people and educators have found solace in attending the National Universalist convention at Minneapolis and the Western Wisconsin Teachers' convention at Sparta. The cooking school has moved to Minneapolis and society ladies may now delight their submissive husbands by trying the experiments with new cooking stunts upon them. "Mrs. Wiggs of the Cabbage Patch" was one of the events of the week, and the sunny disposition of Mrs. Wiggs must have been an object lesson to women inclined to scold. The mystic Hollowe'en period is at hand and its festivities promise entertainment for the coming week.

THE PACKMAN CONCERT.

In the Packman concert at Meyer's hall last Saturday evening lovers of music were given an entertainment of unusual class and merit. Not only were the individual numbers excellent but the selection and arrangement of the program were ideal. Mr. Packman is to be earnestly congratulated. The piano work of Miss Mollie Merlo and Crystal Baebler, both in their solos and in the number for four hands, revealed finish and ability to interpret, as well as technical skill

of a high order. Their performances should be a matter of pride to themselves, to their instructor, Mr. Packman, and to the community. Mr. Stryker, bass soloist of Christ church of La Crosse, who appeared in three numbers, has a voice of power and quality. His selections were good and were enthusiastically received. Miss Aiken, soprano soloist of the same church, sang two solos and appeared in a duet with Mr. Stryker. Her rendering of "The Shoozy Shoo" was especially fine. The readings by Miss Fay Vaughan were given with clearness and ease and were a very pleasing part of the evening's entertainment. A chorus in costume by Misses Baebler, Merlo, Dove, Holtze, Stintzi and Rader was excellently rendered and carried the house by storm. Without question the artist of the evening was Prof. Peterson, the famous Norwegian violinist of La Crosse. His solos were wonders of melody, harmony and brilliant execution. And it was all music—music that goes to the souls of people and simply compels the admiration of an audience. It would seem almost superfluous to say that should Professor Peterson appears in Bangor again, he would be greeted with a crowded house. As an accompanist Mr. Packman is beyond criticism. To his unobtrusive part in the program is due undoubtedly a large measure of the success of the entertainment, and his conduct of the undertaking from the beginning assures him a repetition of this success, should he make another similar effort.—Bangor Independent.

DINNERS AND TEAS.

Mrs. A. Sorgel and Mrs. A. Wanner gave a 5 o'clock tea Thursday afternoon at the home of the former, 1408 Madison street. The tables were tastefully decorated with carnations and pansies. The Misses Ida Rick, Jennie Chick, Edna Sorgel and Hattie Sorgel served. The guests were Mesdames G. Merman, H. Schick, G. Sexauer, W. Ruehlman, H. Witt, C. Miller, H. Salzer, D. Wischner, Al. Brenner, L. J. Panzlaue, E. Starch, Holst, E. Bernet, Charles Weiss, S. Stellingware, H. Runge, C. Rau, H. Hallauer, W. Ellers, A. French, W. Theil.

Wednesday Mrs. B. C. Smith and Mrs. F. E. Davis were hostesses at a dinner at the home of Mrs. Smith given in honor of Mrs. Barrett of Salt Lake City. Mrs. Barrett was formerly Miss Libby Suiter and is a sister of Dr. F. C. Suiter of this city. The guests were Mesdames F. C. Suiter, W. E. McConnell, D. G. Whyte, Tarbox, E. S. Case, George Gordon, H. J. Hirschheimer, E. G. Perkins, Lavake, Barrett and Miss Barbara Russell.

Mrs. F. D. Miller and Mrs. F. A. Veits gave an unusually pretty tea Wednesday afternoon at the home of Mrs. Mills on North Seventh street. It was in honor of Mrs. McComber and Mrs. P. H. McGinnis who are soon to leave for Galena where they will make their home. The rooms were decorated with choice flowers and foliage. The dining room was in yellow, the gowns of the assisting ladies carried out the same color scheme. Burnt leather place cards were laid at each cover. The guests of honor and out of town guests were seated in this room. The other rooms were arranged with pink and white roses and vines. A pleasant feature of the entertainment was the recitations and singing by Miss Myne Williams of West Salem which all enjoyed. Those present were Mesdames W. E. Barber, Frank Cook, A. B. Moll, E. R. TO MERCHANT ADVERTISERS.

It is of importance to every merchant in this city that he know as nearly as possible the relative circulations of the newspapers in which he advertises.

THE "DECLINATION" OF THEODORE ROOSEVELT.

The declaration of Theodore Roosevelt, president of the United States, that he "will" not be nominated for his high office again, need not be given absolutely serious consideration.

THE POLITICS OF CRIME.

A few days ago the Leader-Press said that it was "apparent that the Milwaukee grand jury was actuated by purely political motives."

substance, was what The Organ said. Presumably the Leader-Press believes, or wants the public to believe it believes, that there was no justice in the some-odd-hundreds of indictments returned by the Milwaukee grand jury.

Let poets praise this balmy air, But ask the clothier whether He wouldn't much prefer to have Rip-roaring winter weather?

The plan to have the United States government inaugurate a system of public life insurance, is one that deserves serious consideration. It is feasible, and it is a step toward that public control of public interests that is inevitably coming to the people of this country.

Frank Bartl has been laid in his final resting place. He will be missed, how much every man of his acquaintance knows. His funeral was one of the largest ever held in La Crosse, and by those sorrowing relatives who now lead this city in mourning his loss, there may be gleaned the satisfaction of knowing that, at Frank Bartl's grave, a united populace joined in the reverend priest's "requiescat in pace."

SOUTHEASTERN EX- AMPLE OF PRO- GRESS.

"One of the secrets of the successful making of cities is interurban railways," said C. W. Graves, Viroqua, at the Plankinton house. "This has been forced upon my attention in several different ways during the last year or more. The object lesson which has been continually before my eyes for the last eight or nine months is the La Crosse & Southeastern railway extending from La Crosse to Viroqua. Other examples of what interurban roads will do for a city I saw while visiting in New England. In Massachusetts it seemed to me that no farm house in the eastern part of the state is more than two miles from some electric line. The effect of this is to bring all truck and garden patches into close connection with the city markets. Now I imagine that to have the city breakfast table connected with the vegetables of the country, it also shows that the more facilities that are furnished to the people for travel, the more they travel. And travel is the basis of trade and prosperity.

"Both La Crosse and Viroqua have benefited by the new line from La Crosse. This road was originally intended for an electric line, but for some reason it was made a steam road. There is much gossip about an extension to some point southeast of us and later connections with some of the big roads. How much there is to that, I am not prepared to say. But I do not believe that the line will ever be extended to Richland Center, because of the fact that the road would have to cross two big ranges of hills or bluffs. That would make the engineering a difficult one as well as costly. I believe that a more probable course would take the road toward Muscoda where it might cross the Wisconsin river and go to Dodgeville where it might connect with the Illinois Central. But even that would be considerable of an engineering feat

THE SECRET OF YOUTH.

De Soto looked for the secret of youth in a spring of gushing, life-giving waters, which he was sure he would find in the New World. Alchemists and sages (thousands of them), have spent their lives in quest for it, but it is only found by those happy people who can digest and assimilate the right food which keeps the physical body perfect that peace and comfort are the sure results.

A remarkable man of 94 says: "For many long years I suffered more or less with chronic costiveness and painful indigestion. This condition made life a great burden to me, as you may well imagine.

"Two years ago I began to use Grape-Nuts as food, and am thankful that I did. It has been a blessing to me in every way. I first noticed that it had restored my digestion. This was a great gain but was nothing to compare in importance with the fact that in a short time my bowels were restored to free and normal action.

"The cure seemed to be complete; for two years I have had none of the old trouble. I use the Grape-Nuts food every morning for breakfast and frequently eat nothing else. The use has made me comfortable and happy, and although I will be 94 years old next fall, I have become strong and supple again, erect in figure and can walk with any body and enjoy it." Name given by Postum Co., Battle Creek, Mich. "There's a reason."

Read the little book, "The Road to Wellville," in every pkg.

because of the great grade from the river to the table land on which Dodgeville, Highlands and other Iowa county towns are situated.

"I am not in the right kind of business to discuss the value of Viroqua direct connection with the city of La Crosse, but I gather from what I see that a great many people of both Viroqua and La Crosse are taking advantage of the direct connection. Undoubtedly it will benefit the wholesalers of La Crosse. The Southeastern runs two trains a day each way. The road is still a little rough and has one or two bad grades. These may be remedied in time."

FARMERS VICTIMIZED BY CLEVER SWINDLERS

Farmers in the vicinity of Coon Valley are notifying local banks that they have been victimized recently by a stranger who was securing names to what he alleged was a subscription list for a county map. Notes for \$15 each turned up after the stranger left, the names signed being those which were attached by the farmer to the "subscription list."

BOYS EMPLOYED AT RUBBER MILLS ON STRIKE

There was considerable trouble in the rubber horseshoe department of the La Crosse rubber mills yesterday afternoon when ten of the young men employed there walked out.

Business in that department at present is rushing as the company has about 20,000 horse shoes to get out by the first of November for a large Chicago concern and 2,000 rubber tubes for the Hirschheimer plant on the south side, which it is said must be turned out in the near future.

In order not to stop business in that department entirely two of the leading traveling men of the firm donned overalls and helped out the foreman. Some of the boys who were working there stated that the air from the rubber cement became very offensive and so they opened some of the windows. When the foreman returned he closed the windows and said if they were opened again, they would be discharged whereupon the employees say they walked out in preference to having the windows closed. The matter is now under consideration.

"DAMON AND PYTHIAS", OCTOBER 31st.

GORGEOUS OPERA ON TOMORROW NIGHT.

"The Rajah of Bhong," a comedy opera, book by W. L. Roberts, music by Hal Campbell, will be presented at La Crosse theatre Sunday, Oct. 29th.

The piece is in two acts and is gorgeously staged, the first act showing the gardens of the Rajah's palace in the tropical island of Bhong and the second revealing the throne room of

the palace. The story is logical, well written and offers many unique comedy situations.

Mr. Eugene Spofford, under whose direction the production is exploited has selected an especially strong cast, the list of principals including Marie Malatesta, who will be remembered for her clever work as the Princess Nella in "The Beauty and the Beast," Donald Cameron, the deep voiced basso; Pas. J. Murray, the well known comedian; Budlong Meley, who was the hit of "Piff Paff Puff" last season; Madeline Winthrop, Maude Mullery and Ralph Moore.

SPLENDID MINSTREL PLANNED BY U. C. T.

Those up-to-date and popular fellows, the Commercial Travelers, are going to give a minstrel performance the 24th of next month at the La Crosse theatre. This much has been mentioned previously but the people have no idea of the work Manager E. J. Conway has been doing the past few weeks to make this the most elaborate home talent affair ever staged here.

The first part is a Japanese court scene, beautifully costumed, with an electrical display, under the direction of Mr. James Jarvis, which will eclipse anything ever attempted in a local production.

Mr. Conway has been given almost unlimited authority as to expense in order to give the patrons a show which will do credit to the U. C. T. lodge, as they expect to continue in the show business if they meet with the success they feel their efforts will merit.

Manager Conway has had considerable experience in affairs of this kind and has always given a performance as near up to professional standard as could possibly be done. He has some idea of taking up this line of work in the future, putting on amateur performances in other towns under the auspices of societies or charitable institutions.

All the music in the show from the bass solo to the end songs are the composition of Harry Grenisen, whose "School Days" and "Daisies," made such a hit at the La Crosse Home Minstrels, two years ago. The words of all the songs, ten in number, are by Arthur P. Hankerson and Louis A. Seaman. One of the prettiest numbers of the evening will undoubtedly be "Sleep," sung by Master Joe Stockmer, the boy soprano, from a swing above the interlocutor. This song and "Mother," which will be sung by "Ned" Frame, the well known tenor, will be published previous to the time of the show and will be on sale at the theatre that evening. They were written by Messrs. Grenisen and Seaman.

Theatre-goers of the old home minstrel days will be surprised to see big, good-natured "Bob" Brice, former interlocutor "working on the end." The other end men include the following well-known funmakers: Ed. Conway, Jack Driscoll and Fred Ruplin.

The solos will be handled by the very best local talent, including James R. Kerr, Mr. Taggart, H. F. Stryker and Norman Black, who sings in one of the large churches in St. Paul and is said to be one of the finest baritone in the northwest.

The chorus which numbers about thirty-six, is under the direction of Mr. Grenisen and every one is a singer. The music will be furnished by Prof. F. G. Dana's famous Third Regiment band.

Mr. J. L. Uttermoehl, the great basso, will be interlocutor and will sing "The Forge," which was written especially for him.

The olio will include clever monologues by "Tom" Burns and Walter Sprowl; Thompson, the world's champion amateur buck and wing and clog dancer, and will close with a neat sketch written by Rev. C. N. Moller which has some local hits well worth the price of admission.

The travellers will make this a society event and have already arranged several box parties.

ARM CRUSHED IN CORN SHREDDER

Frank Lusk of Newburg's Corners is the first victim of the deadly corn shredder in La Crosse county this fall, and his recovery is in doubt.

The unfortunate man was employed in feeding the machine when in some unknown manner his hand was drawn into the cogs on the shredder and before the machine could be stopped his entire arm was crushed clear to his shoulder. Drs. Newton and Evans were hurriedly summoned and amputated the arm. The injured man is a son of Jos Lusk of Bangor. Late reports from the attending doctors indicate his condition is serious.

Miss Mae Neville and mother have moved from New Albin to this city, where they will make their future home.

COUNCIL WILL TRY TO MODERATE BOOZER'S METHOD

In an ordinance which is aimed to "restrain drunkards to moderate drinking" music is prohibited in saloons and the festive music box is relegated to the store room.

The measure was introduced in the council last night by Alderman Hirschheimer and referred to the committee on ordinance and police. Its restrictions are severe, aiming to prevent the rendition of any music in any saloon.

An ordinance was introduced compelling the street railway company to move its tracks on the causeway to the center of the street.

Another ordinance given its first and second readings provides that all motormen on street cars stop before each railroad crossing and wait for the conductor to "investigate" before starting the car across.

Alderman Hirschheimer introduced another ordinance establishing new fire limits as follows:

Beginning at the east bank of the La Crosse river where it joins the Mississippi, thence east to Sixth street, south on Sixth to Vine street, east on Vine to Seventh, south on Seventh to Division, west on Division to Fourth, south from Division and Fourth to the Mississippi river and out to the city limits and up the channel of the river on the boundary line of the city to the place of the beginning.

The ordinance also provides a new section to be known as section No. 44, setting aside a district in the La Crosse harbor in which no houseboats may be kept for more than 3 hours out of any 24 hours unless they be

Hotel company to purchase the property. Following a secret session the aldermen adopted a resolution authorizing the mayor to offer for sale central fire station for \$9,000.

The action of the council came as a great surprise, few knowing of an offer of the hotel company of \$8,500 which had been made for the building. It is a "cinch" the company will buy at the figure named by the council.

It is stated that in the event the deal is closed much of the Stoddard hotel machinery will be installed in the building.

The new central fire station will be probably erected on the southeast

corner of Sixth and state streets. Negotiations for the purchase of this property are on.

The most tiresome, disappointing shopping tour you have made in a long time was the one at the end of that week when you "had no time to read the store-advertisements."
